

T340/T2340 Committee Agreement

Last updated: 2021/2022 scout year

Purpose

The goal of this document is to codify the relationship between T2340 and T340 in terms of the services the joint committee will provide to T2340. It is fairly straightforward to update this document, simply discuss changes with the committee chair and they'll see what they can do. T2340 is currently run with slight differences in style and needs than T340, so we will set up a customized support plan.

Background

T2340 is a recent addition to the scouting program. They are a bit smaller than T340 and have many of the same parents supporting them. As a result, having two committees would result in parents being oversubscribed and excessive overhead. In addition, T2340 does not have critical functions set up independently from T340 such as advancement and treasurer. As such it makes a lot of sense to have one committee support both troops.
